Item 6: The Board will present both oral and written reports in Stockholm.

Item 7: The following Members have indicated their interest in hosting ICV 22 (2007): DGF in Berlin, Germany; CIDEC in Buenos Aires, Argentina; HAVSOM in Valletta, Malta; and NZFA in Christchurch, New Zealand. The Board has not received any formal proposals to host ICV 23 (2009). The President, Michel R. Lupant, Secretary-General, Charles A. Spain, Jr., and Secretary-General for Congresses, Graham Bartram, announce their intention to stand for re-election.

Item 9: The Board has summarized the membership applications as they relate to the criteria set out in article 7(c) of the FIAV Constitution as follows:

Candidate name	Constitution	Interest in vexillology; Activities	Dues-paying members	Registration at past ICVs	Existence since	Representative at Stockholm
FHF	trust declaration	principle; research, maintenance of flag collection, consulting on flags and flag information to other groups, and journal	none (institution)	yes	1971	yes
ARV	constitution	principle; unknown	15	no	1998	unknown

RCVH	statutes	principle; journal and website	23	no	1975	yes
SVI	unknown	principle; journal	none (institution)	yes	1994	yes

The Board has not made any recommendations concerning candidates for membership at this time.

Item 12: The Board continues to believe FIAV should do whatever is necessary to ensure that the proceedings of all International Congresses of Vexillology are published. The following proceedings are still unpublished or only partially published:

ICV 5	1973	London, United Kingdom	FI
ICV 9	1981	Ottawa, Canada	FRC, Heraldry Society of Canada, NAVA
ICV 16	1995	Warszawa, Poland	CFZ, FDC, and PTW
ICV 19	2001	York, England, United Kingdom	FI

ICV5: FI has admitted it does not know the status of the 1973 proceedings. FRC has said it would produce a list of papers from the congress, including citations of those that have been published, for publication in *Info-FIAV* or *The Flag Bulletin*.

ICV 9: FRC said it has published all but three of the papers presented at the congress. FRC has said it would publish a list of those papers in *The Flag Bulletin*.

ICV 16: CFZ has published part of the proceedings on the World Wide Web at [www.paiz.gov.pl/wserwatowski](http://www.paiz.gov.pl/wserwatowski):

ICV 19: Publication by FI pending.

Item 14: The Board is extremely concerned by the disappearance of the FIAV Congress flag sometime after the closing luncheon of ICV 18 (Victoria, British Columbia, Canada 1999) and before the opening ceremonies of ICV 19 (York, England, United Kingdom 2001). Then-Secretary General for Congresses Bruce Berry passed the flag from the ICV 18 hosts (CFA and NAVA) to the ICV 19 host (FI) in Victoria, but its location since that time is unknown. The Board believes the flag must either be found or replaced.

17 January 2003

Mr. Charles Spain  
Fédération Internationale des  
Associations Vvexillologiques  
504 Branard St.  
Houston TX 77006-5018

Dear Mr. Spain:

This letter is a formal application for membership in the International Federation of Vexillological Associations from the Flag Heritage Foundation. In accord with application requirements expressed in the FIAV Constitution, I am addressing our standing and qualifications.

The Flag Heritage Foundation is devoted exclusively to vexillology, the scientific study of flags. Our commitment is expressed in the trust declaration which was reproduced in the first issue of *The Standard*, our newsletter. A copy of that newsletter has been sent to every FIAV member organization or institution. The Foundation was established in 30 July 1971 as a not-for-profit trust and received recognition as a 501(C)3 organization from the U.S. Internal Revenue Service.

The vexillological activities of the Foundation were set forth extensively in *The Standard* and in the reprint of that material which appeared in No. 207 of *The Flag Bulletin*. Since the Foundation is not a membership organization, it holds no meetings, but it has undertaken a number of significant activities. Below is a list of the more salient work we have done:

- Design and funding of a major permanent flag exhibit at the State House, the capitol of Massachusetts.
- Development of a collection of approximately 1300 flags, preserving the collections previously created by John Wanamaker and Dr. Clarence R. Rungee, as well as the Forster Flag, one of the most important colors in American history.
- Provision of information to the general public and to organizations concerning all aspects of flags, especially etiquette and protocol.
- Editorial assistance to the Boy Scouts of America and to the Continuing Education Institute for flag books they published.
- Loan of flags to various institutions for public display.
- Work with several government and non-profit institutions for the development of a possible flag museum.
- Assessment and identification of several historical flags owned by museums.

In addition to our newsletter, the Foundation has been finalizing plans for its web site ([standards.org](http://standards.org)) which will make unique contributions to scientific vexillology. We will be appointing a representative to speak on our behalf at the XX International Congress of Vexillology.

Sincerely yours,

Thomas M. Hill, Jr.

Hradec Králové 24. 01. 2003

Dear Sir,

Hereby I send you our application for membership and information needed for our membership in the Fédération internationale des associations vexillologiques.

The Flag Data Centre meets requirements set for the FIAV membership as stipulated in the articles Nos: 2 and 3 of the FIAV Constitution.

The Flag Data Centre (FLADAC) was established in March 1994 in Hradec Králové (Czech Republic) by Petr Exner. FLADAC mainly searches a useful way for the use of computers in vexillology. In 1994 and 1995 FLADAC published 27 one-page INFORMACE bulletin with actual information from vexillology. Since 1996 FLADAC has published bi-monthly bulletin vexiINFO.

FLADAC prepared 1. Czech National Vexillological Congress in Hradec Králové in May 1996 in collaboration with the Vexillological Club in Prague and the Museum of Eastern Bohemia.

Since 1996 FLADAC is systematically interested in publication of Czech communal flags in the edition of the Vexillological Lexicon. Director of the FLADAC is working as an expert of the Parliamentary Sub-Committee of the House of Deputies of the Czech Republic for heraldry and vexillology.

## SYMBOLS OF FLADAC

Flag:

The flag of FLADAC is blue with three V-shape fields in colors of the town Hradec Kralové (white, yellow and red). V's are for vexillology, publishing and computers (in Czech: vexilologie, yydavatelská činnost a vypočetní technika).

Logo:

Five stylized flags create logo of the FLADAC with flagstaff in pentagon. Five flags symbolize five continents (Eurasia, America, Asia, Africa and Antarctic) over them the flags flown. The flagstuffs joined in one point - this symbolizes focus on vexillological information. Logo is in one color only.

## RESIGNATION OF UNITED STATES FLAG FOUNDATION

On April 25, 2003, the Secretary-General received the following letter concerning the United States Flag Foundation (USFF), a FIAV charter Member. The Secretary-General forwarded the letter to the FIAV President, who received it on April 28, 2003. Fédération internationale des associations vexillologiques  
504 Branard Street  
Houston, Texas 77006-5018

Dear Kin:

National Flag Foundation hereby announces the discontinuation of the United States Flag Foundation as a viable, operating entity. The United States Flag Foundation was registered in 1973 to serve as a representative of the flag manufacturing industry. Since that time, the United States Flag Foundation has served the industry by informing them of flag manufacturing import data.

In 2002, National Flag Foundation decided to discontinue the services assigned to United States Flag Foundation and place their total focus and energy on patriotic education. As such, the United States Flag Foundation should not be represented as a viable entity at FIAV.

The National Flag Foundation is still a viable, operating entity and will be represented at FIAV by Mr. Edward Kaye.

We appreciate the opportunity to be associated with vexillologists throughout the world. Thank you for your interest in National Flag Foundation. If you have any questions, please contact me.

Sincerely,

David L. White  
Executive Director

**DERKWILLEM VISSER, JR. (1951-2001)**

It is with great sadness and deep emotion that I have learned of the death of my friend Derkwillem Visser, Jr., president and founder of the Vlaggen Dokumentatie Centrum Nederland, which was admitted this year into FIAV. Derkwillem passed away at the age of 50 on November 24, 2001. I knew him for a long time. We exchanged our first letters in 1984, and for more than ten years I visited him annually in Amsterdam. It was always a great pleasure to see him. He was always friendly, and our discussions went on late into the night.

Derkwillem's passion for vexillology made him one of the greatest vexillologists of his country. He regularly published his magazine *Vlaggen-Info* (formerly known as *Info-Bulletin*), and the last issue (number 104/105) was probably a "goodbye" to his vexillological friends because he knew he was very ill. He wrote many books and just last year published a four-volume book on the flags and coats of arms of the Netherlands. Derkwillem was so proud of that work. It was the result of years of research and is truly unique.

With Derkwillem's passing, our Dutch friends have lost a great vexillologist who worked to develop vexillology and to promote the flags of his country. I send, in my name and in the name of the FIAV Board, my deepest sympathy to his husband Merrick Alan Oost and other family members.
